

Bag-In-Box Flat Rack Vertical Feed 2/3 Box 28" Wide

R03-02FV
BIB Rack Shelf

R03-02VTS
Top Shelf

High quality BIB rack modular components provide strength and reliability.

Features

- Glide panels on shelves make pump installation and pump replacement easy.
- Hose management holes in the shelf's front and rear rail prevent tube kinking that restricts syrup flow and makes BIB pumps work harder. Each oval hole accommodates two 3/8" BIB tubes.
- 4" shelf leg connectors enhance the stability of stacked shelves.
- NSF approved.

Heavy Duty Construction

- Durable high gloss black powder coat paint resists rust.
- Top shelf can hold up to 200 lbs.

Pre-assembled rack systems are our specialty! Pumps, brackets, manifolds, fittings, tubing, connectors, bag selectors and regulators can be customized to your specifications. Call for details.

28" Wide Vertical BIB Rack Specifications

	BIB Rack Shelf	Top Shelf
Part Number	R03-02FV	R03-02VTS
Width	28"	28"
